The purpose of the Community Forest Program is to achieve community benefits through grants to local governments, Tribal Governments, and qualified nonprofit organizations to establish community forests by acquiring and protecting private forestlands. The information requirements will be used to help the Forest Service in the following areas: (1) To determine that the applicant is eligible to receive funds under the program, (2) to determine if the proposal meets the qualifications

in the law and regulations, (3) to evaluate and rank the proposals based on a standard, consistent information; and (4) to determine if the project costs are allowable and sufficient cost share is provided.

The information collection currently required for a request for proposals and grant application is approved and has been assigned the OMB Control No. 0596-0227.
